REQUEST FOR A PERMANENT COMMERCIAL ENCROACHMENT ORDINANCE (INCLUDING OUTDOOR DINING/LANDSCAPING/STUDENT HOUSING)

For a continuing encroachment on any type of property in which the City has an interest (i.e., rights of way, tree zone, sidewalk, streets), the person or entity is required to have an encroachment ordinance enacted by City Council permitting the encroachment. Encroachment ordinances are required for but not limited to: irrigation systems; fencing; walls, pavers, sidewalk; outdoor dining items (chairs, tables, umbrellas, etc.); landscaping; outdoor advertising (i.e., signs); business signs; are not permitted via an encroachment. Encroachments must comply with all existing City codes, rules, and regulations, including the Americans with Disabilities Act, if applicable, and are subject to review and approval by City staff. Encroachment of the encroachment ordinance by a majority vote of City Council, which is a discretionary legislative act, is also required. In order to obtain an encroachment ordinance from the City of Columbia, it will name the City of Columbia to be named as an additional insured on your insurance policy with limits being increased to $600,000 as required by Sec. 11-9-14.1. It is certified that you contact your insurance provider to determine if it will name the City of Columbia as an additional insured prior to submitting your request for an encroachment ordinance. If you have any questions concerning these requirements, please contact Chip Timmons with Risk Management, (803) 733-8840.

Please complete and submit this form along with photographs and drawings or site plan drawn to scale including a site plan showing a complete plot of the property. Please identify any encroachments that are to be removed and the City will provide an estimate of the cost to repair or replace the encroachments. The materials and type of finish to be used are to be approved by the City Engineer prior to installation. Any damage to the street or sidewalk caused by construction shall be repaired to the satisfaction of the City Manager. Improvements within the encroachment shall be maintained by the grantees at no cost to the City in a manner approved by the City Manager. Property owned, operated, and maintained by SCDOT shall comply with SCDOT encroachment requirements.
